

The newest name in drainage is the one you already trust.

We're proud to introduce a few more ways to use water intelligently: Rain Bird drainage products. These grates, basins and accessories can help you efficiently manage excess water on virtually any residential, commercial or municipal site. And they are engineered with the same high-quality materials and exacting standards of all other Rain Bird products.

Part of a Complete Water Management Solution

Drainage and irrigation are integral to efficient, environmentally-friendly water management. Now you have a single point of contact to help you achieve the best possible results on both fronts.

Rain Bird Advantages

- **Full compatibility:** Grates and basins securely fit each other and components from most other manufacturers.
- **Versatility:** Rain Bird drainage products are designed to connect to 3", 4" and 6" sewer and drain (S & D), corrugated and triple wall pipe.
- **Four colors:** Green, black, sand and gray grates blend into the landscape.
- **Three-year warranty:** The longest of its kind in the industry.
- **Environmentally friendly:** All black and green drainage products are constructed using recycled plastic materials.
- **Increased Rain Bird® Rewards points opportunity:** Contractors will earn additional points for purchasing Rain Bird drainage products.
- **Made in the U.S.A.**

An Extensive Product Portfolio

Grates

Manufactured from structurally foamed High-Density Polyethylene (HDPE) and UV stabilized to protect from sun degradation.

- **Plastic Round Grates.** Flat and atrium profiles available in 3", 4" and 6" diameters. Flat grates available in green, black, sand and gray. Atrium grates available in green, black and sand.

- **Plastic Square Grates.** Flat profiles available in 9", 12" and 18" sizes. Atrium profiles available in 9" and 12" sizes. Flat grates available in green, black, sand and gray. Atrium grates available in green and black.

- **Universal Square Grates.** 7" flat profile designed to fit 3" or 4" sizes of corrugated, triple wall or S & D pipe or 3", 4" or 6" S & D fittings, in addition to Rain Bird's 6" round catch basin. Available in green, black, sand and gray.

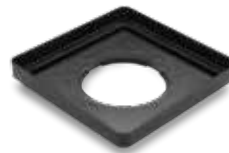

Basins

- **Round Catch Basins.** Both one and two outlet models available, 6" in diameter. Each outlet is designed to connect to 3" or 4" corrugated, triple wall and S & D pipe.

- **Square Catch Basins.** Two outlet models available in 9", 12" and 18" sizes. Four outlet models available in 12" and 18" sizes. Using one of Rain Bird's basin adapters, you can connect to 3", 4" or 6" corrugated, triple wall and S & D pipe.

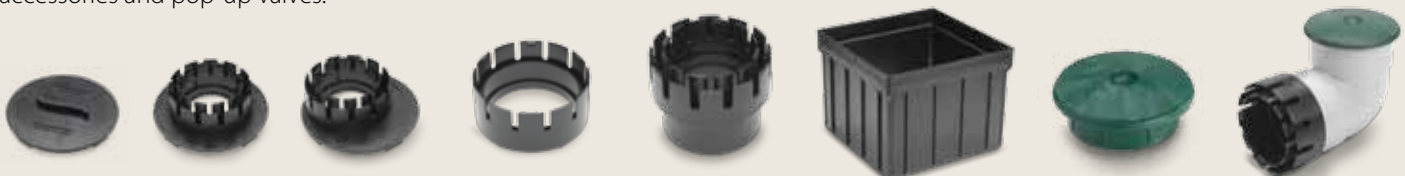

- **Square Low-Profile Basins.** Available in 9" and 12" sizes.

- **Square Basin Kits.** Popular 9" and 12" basins are packed with the following:
 - » One 9" or 12" square flat grate in green or black
 - » Two basin adapters that accept 3" or 4" pipe
 - » One basin plug

Adapters & Accessories

Our drainage portfolio also includes basin adapters, accessories and pop-up valves.
